

Parent Access to Schoology | Acceso de los padres a Schoology

Dear Easton Parents and Families -

We are pleased to provide you with access to your student's Schoology information and activities. Schoology is the SINGLE online location where all of your student's schoolwork, activities, teacher communications, individual student calendar and grades are found. It is also where students submit assignments to their teachers.

Before you can create your Parent Portal, you must request a *parent access code* from the school by providing the information requested at [this link](#):

<https://forms.gle/2F Xu7QMFUR2Fb8729>

Your parent access code will be returned to the email address you provide in the request form within 24 hours of receiving your request.

Once you have received your parent access code, please follow the instructions below to set up your Parent Portal. These instructions will also be included in our response to your parent access code request.

=====

Estimados padres y familias de Easton -

Nos complace brindarles acceso a la información y las actividades de Schoology de su hijo. Schoology es la ÚNICA ubicación en línea donde se encuentran todo el trabajo escolar, las actividades, las comunicaciones con los maestros, el calendario individual del estudiante y las calificaciones de su estudiante. También es donde los estudiantes envían tareas a sus profesores.

Antes de que pueda crear su Portal para padres, debe solicitar un *código de acceso para padres* de la escuela proporcionando la información solicitada en [este enlace](#):

<https://forms.gle/2F Xu7QMFUR2Fb8729>

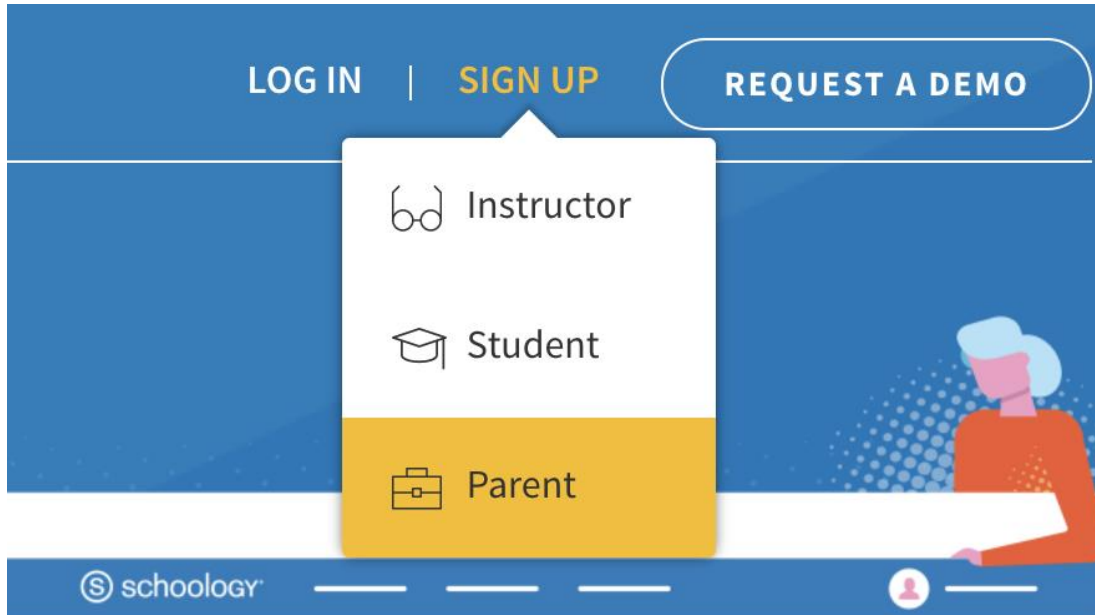

Su código de acceso para padres será devuelto a la dirección de correo electrónico que proporcionó en el formulario de solicitud dentro de las 24 horas posteriores a la recepción de su solicitud.

Una vez que haya recibido su código de acceso para padres, siga las instrucciones a continuación para configurar su Portal para padres. Estas instrucciones también se incluirán en nuestra respuesta a su solicitud de código de acceso para padres.

SIGN UP AS A PARENT

[Follow](#)

Sign up for a Parent Account in Schoology

1. Go to www.schoology.com.
2. Click **Sign Up** at the top of the page and choose **Parent**.
3. Enter your **Parent Access Code**. This is a 12-digit code in **xxxx-xxxx-xxxx** format that you receive from one of your child's instructors.
4. Fill out the form with your information.
5. Click **Register** to complete.

When you use a Parent Access Code to create an account, you are automatically associated with your child. You can add additional children to your account using the [Add Child](#) option.

Notes:

- Parent Access Codes are unique to each student but can be used to make multiple parent accounts.
- If your Parent Access Code does not allow you to register or, if the code does not have 12 digits, please contact your child's instructor or school for more information.

Multiple Children at Different Districts

If your children attend different schools that are not in the same district (or are not part of the same Schoology Enterprise account), you will see the following error message when you attempt to use the **Add Child** option to associate your parent account with their student account:

We've noticed that your child belongs to another school. To complete the process, you must register for a new Schoology parent account within your child's school using the form below. ✕

Add Child

Child Code:

First Name: *

Last Name: *

Email or Username: *

Password: *

Confirm Password: *

School:

Parents must have an account at each of their children's schools. For example, if you have one child at a high school in one district, and another child at a middle school in a **different** district, you must have accounts at both districts and [link your accounts](#) together. Linking accounts enables you to toggle between two or more accounts without having to log out and back in. Each district separately manages your parent accounts and can then communicate with you as necessary.
