Re: USDA Paid Meal Price Equity Requirement

This memorandum provides information relating to Section 205 of the Healthy, Hunger Free Kids Act of 2010 (Public Law 111-296). This provision requires school food authorities (SFAs) participating in the National School Lunch Program to ensure that schools are providing the same level of support for lunches served to students who are not eligible for free or reduced price lunches (i.e. paid lunches) as they are for lunches served to students eligible for free lunches.

Utilizing this year's Paid Lunch Equity Tool spreadsheet provided by OSPI, the weighted average price requirement for School Year 2017/18 is \$2.90. After manipulating paid lunch prices in each building using OSPI's price estimation calculator, we will be making the following changes in lunch prices:

Elementary: \$2.75
Secondary: \$3.00

This evaluation of paid lunch prices is an annual requirement and there is the possibility of future increases for the next school year.

PRESENTED to the Easton School District Board of Directors at the regular meeting of the Board of Directors on this 28th day of August, 2017.
